

D.I.S.L. AUTOMATIC – I'M A VEGAN LYRICS

give me the veggies, give me the fruits
gimme the greens, gimme the roots
gimme the seeds, gimme the [...]
i got what you need, i'm giving you the truth
i'm a ve-, vegan

you can say that is a truth ballad
i start my day off with a fruit salad
i called up feeling healthy and full of energy
food is my profession i don't need chemical remedies
i don't take prescription pills
i've never felt sick and ill
unless we are talking about my rhymes i'm spitting how i get my sk!!l
this is real gotta maintain fitness
being vegan ain't a diet
it's a lifestlye and we live this
plant-based bigness you see the way i lift this
big heavyweight i'm not protein deficient
food is big business and you know the corporations lie
why would they tell the truth about the products they supply
when they know that they are harmful and they cause diseases
all you need is to do reasearch and start to read
about the business of animal agriculture
we ain't carnivores we are scavengers like soldiers
a scavenger just eats decomposing flesh
carnivores hunting pure they [...] and eat it raw and fresh
yeah, we can eat meat
but that doesn't mean we have to
that doesn't mean it's natural
that doesn't mean we can't chose
a different way of living
for a healthy ecosystem
save the animals who are suffering as victims of enslavement
great exploitation and murder
so the overfed people can enjoy their cheeseburger
"but disl i can't help it, i just love the taste"
"well, i love having s-x but that don't mean that i should rape
that don't mean that i should take something that is not mine
carnivore and cannibal is separated by a fine line- no morality"
"but disl plants are living too and when you eat them you are still causing casualties"
"true but i takes plants to feed the animals so being vegan saves the plants that animals are
planted to"

deforestation the sink population
animals suffer in numbers up some doctination by the corporations
who only care about their bottom-line
so go vegan now that's the time

give me the veggies, give me the fruits
gimme the greens, gimme the roots
gimme the seeds, gimme the [...]
i got what you need, i'm giving you the truth
i'm a ve-, vegan

give me the veggies, give me the fruits
gimme the greens, gimme the roots
gimme the seeds, gimme the [...]
i got what you need, i'm giving you the truth
i'm a ve-, vegan
